

# RED ROO SHOCKS

## Designed to perform, built to outlast

Red Roo Shocks are high quality heavy duty shock absorbers for prime movers, trucks, trailers, 4wd's, buses, motor homes and special applications. Our shock absorbers offer superior ride quality, improved vehicle handling and last longer.

## Exclusive Benefits

- ✓ Patented technology
- ✓ Superior ride quality & handling
- ✓ Made from high quality materials
- ✓ Durable – long lasting
- ✓ Decrease tyre wear
- ✓ Air suspension connection
- ✓ Fully serviceable
- ✓ Tailored solutions for fleets
- ✓ 2 Year warranty
- ✓ Largest shaft on the market

## Innovative Patented Technology

Red Roo shocks are made to the highest standard and are designed for longevity under all conditions.

Working in conjunction with conventional leaf, coil or airbag suspension, red roo shocks keep your vehicle on the road and ensure minimal damage to your freight.

Our patented self cooling system promotes superior oil flow, allowing the shocks to perform at optimal levels for extended periods of time.

## Tailored Solutions

Red Roo isn't just another shock absorber manufacturer. We tailor full solutions to meet the requirements of any customer, from the humble owner driver to the largest of transport companies.
